## "Helping Underprivileged Students"

Mrs Marquez, 4<sup>th</sup> grade teacher  
Lee Elementary, El Paso ISD

AID FOR EDUCATORS will be supplying Ms. Marquez with four Nextbook Tablets, including the accessory kits instead of iPads. Ms. Marquez is happy with the alternative by saying, "My class will be super excited just to get their hands on any type of technology given to our class."

Visit our website to see the full story and student thank you notes.

Our class will greatly appreciate any donation of any kind. My goal as an educator is to motivate and provide every student with opportunity, engagement, and rigor to prepare them for the future. As the years keep passing us by we see that technology is what keeps increasing. I know that it is one important asset for all to know and learn. iPads will not only prepare our students for the future, but it will also motivate them to learn and come to school daily.

Ms. Jackson 7<sup>th</sup> grade science teacher  
Morningside MS, Fort Worth ISD

Aid for Educators donated Android tablets.
